At that time the first fall rehearsal—delayed because of the epidemic—of the Kingston Symphony Society for this season will be held. The invitation means exactly what it says: all musicians are invited to be present, for not only will performers on any of the orchestral instruments be welcomed, but the support by their presence, of the non-performing but music-loving public is also desired at these rehearsals. The word comes from one who has been privileged to attend many of the rehearsals, that a more pleasing manner of spending a Sunday afternoon could not be imagined.

CORNWELL FINDS THRILLS IN FRANCE

Separated From His Unit, He Has a Lively Time Finding It and Spends Much Time Under Artillery and Aeroplane Fire.

Private Eugene Cornwell, employed in the business office of The Freeman before he entered the army, writes a friend in this city as follows:

On Active Service With The American Expeditionary Forces.
November 3, 1918.

At last I am back with my company and I surely did have some time getting back. I left the convalescent camp about October 1, and had to go to a replacement camp to get equipment. Have travelled a good many miles since coming over. Sometimes I rode second class, third class, also side door pullmans (box cars). I thought I would freeze some nights in the box car. After I left the replacement camp, a captain got things all mixed up which caused me a lot of trouble. Had to go to another place and the only way I could get out of the place was to go out with some division. So out I went.

It happened that this division was going to the front. I had to go to the division headquarters and report so I started out to find them. I slept in dug-outs and bummed my meals along the way as I didn't carry any rations. One night I was sleeping in a dug-out and during the night little chunks of dirt kept hitting me in the face, caused by shells bursting near me.

At last I reached headquarters and was there a few days when they moved up near the lines. We slept in a wooden shack at the foot of a hill. On top of the hill the Germans had dug-outs which were mined and about every 4 or 5 hours one would blow up. There was about two tons of dynamite and about two tons of aerial bombs around us. It was almost impossible to get any sleep because there were American and French artillery on three sides of us and they fired away from dark until daylight. At night the Germans would throw shells over our roof and we would lay there on the floor looking at the ceiling wondering if the next one would hit us. I expected any night to go out through the siding or up through the roof. Was there about four days and the last night a German plane came over and dropped a few bombs and shot his machine gun and I thought I was a goner. May be I was wasn't glad when I left.

Have seen lots of towns all shot to pieces. No one living in them except the doughboys. I haven't had any cooties yet. It's a wonder though I haven't got them from some of the places I have slept in.

There are some very pretty places in the central part of France where there hasn't been any fighting. Went through Paris one night, but didn't know it until afterward. Was in one place where there was a Salvation Army and bought a cup of cocoa and a piece of apple pie for a franc. Gee, but it was fine. Also had some doughnuts. It has been quite cold lately. Froze ice a couple of nights. I had a birthday in France last Sunday. It was a nice sunshiny day. I spent it much different than I did last year. I hope to spend my next one in the good old U. S. A.

Well, how is everything in Kingston? I suppose it is still the same old town. I hear that the Spanish flu is quite serious over there.

Suppose you will have turkey for Thanksgiving. I don't expect any this year. Hope you all have a happy Thanksgiving.

Was sorry to hear that Ken was injured so bad. My buddy knew he was wounded before I left for the hospital but wouldn't tell me. He said he was afraid it might make me worse. He will probably be home soon.

Was in a town today and they wanted ten francs, about $2, for a box of chocolates you can get in the states for about 80 cents. I didn't buy any. Things are awfully dear over here especially to the American soldiers.

Guess I have told you all the news for this time. Love to all. Write soon for mail from home is what we all want.

THE RED CROSS CALL FOR SERVICE

Is your name written there? Where? On the Red Cross Christmas Roll Call, of course.

Chairman J. G. Rose, who is in charge of recruiting of county teams, reports excellent progress in the enlistment of captains for each election district of Ulster county. Chairman Frank P. Messinger of the Kingston city canvass committee has also nearly completed his list of ward captains. Chairman Wm. C. DeWitt, of the Industrial canvass committee is gathering his forces to cover the factories and boat yards.

Long before December 16, when Roll Call week begins, the various captains in the city and county will have lined up more workers than have been used in any previous campaign. These additional workers will be needed for nothing short of universal membership will suffice for Ulster county when the "Greatest Mother" calls the roll of her children. The Roll Call campaign committee is working with the belief that no other call has had quite the same universal appeal as has this opportunity for every one to have a part in the work of the Red Cross. The very name "Red Cross" has come to be a household word, every home has thrilled with pride in this expression of America's spirit. No other appeal goes quite so deeply to the heart. There is something about the binding up of wounds and about the deeds of kindness and mercy, and about the counsel and aid and support to all those in trouble throughout the world that makes every person want to have a part in Red Cross work.

And all that is needed is "a heart and a dollar" and some one to ask every one to join the Red Cross.

Beginning with a special roll call, Sunday, December 15, the entire American nation will be given the opportunity during Christmas week to line up for all those errands of mercy that the bright red cross against the white background has come to symbolize.

This is in no sense a drive for funds. It is the annual call for service. Every member of every household, from the grandfather to the nursery, will be represented on the Red Cross service flag. Only dollar memberships are being asked for and these are for the calendar year 1919.

Everywhere throughout the country the week will be celebrated as a rededication to personal service and self sacrifice in time of peace as in war. No matter what may be the immediate task ahead, there are bound to be increasing demands made on the Red Cross during the coming year and every American, whether here or in foreign parts, has his part to play.

Through Red Cross divisions every chapter, and through the chapter every branch and auxiliary, will spread the Red Cross message and endeavor to enroll every person in every community. Already the membership in this national organization has grown from some few hundred thousand in 1916 to more than twenty million adults since our own entry into the world war. There are no limits set for Christmas enrollment. Every American everywhere is the hoped for goal.

Programs have been arranged for roll call week based on suggestions worked out by national campaign managers at Red Cross headquarters. On roll call Sunday the Red Cross message will be preached from every pulpit and all church meetings will arrange special programs of Red Cross activities.

Loss of Xmas Candy.

By Telegraph to The Freeman.

Washington, Nov. 30—Christmas candy will not be restricted by the food administration. Many candy stores, in accordance with a voluntary sugar conservation plan undertaken upon the initiative of the trade itself, have been refusing to sell more than one pound at a time to a customer, but this restriction is not regarded by the food administration as a necessary conservation measure. The holiday season since the sugar shortage has been materially relieved, the food administration announced today.

Mrs. Harry P. Lauren of West Pierpont street, has just received a letter from her brother, Private Allen S. Decker, of Company K, 23rd Engineers, somewhere in France, dated October 30. Private Decker wrote that a number of letters he knew had been written him had not been received as yet, and that it was evident that his sister had not gotten the letters he had written since the last time she heard from him.

He writes that he is enjoying good health and was seeing something of France. He said that he had not seen any Kingston boys in two or three months. Announcement of the signing of the petition is made by the Right Rev. Mgr. Joseph F. Mooney, administrator of the archdiocese. One thousand and twenty-one names are signed to the petition. It is based on the plea that self determination is made applicable to Ireland as well as other small nations.

COLONEL HOUSE AGAIN IN BED

By Telegraph to The Freeman.

Paris, Nov. 30.—The physical condition of Colonel E. M. House, who has been ill, makes it unlikely that he will be able to attend the conference of the Allied leaders in London next week. This council is to precede the peace preliminaries.

Colonel House was again compelled to take to his bed yesterday. His recovery is being impeded by stormy weather.

The American diplomat is making every effort to conserve his strength, realizing the peace sessions will require much of his vitality.

Thus far Mr. House has not only Herbert Hoover, the American food administrator, and Edward N. Hurley, chairman of the National Shipping Board in America. He did not attempt to exchange views with them.

Carson Inquest Next Week.

Coroner E. A. Kelly has adjourned the Carson inquest until next Thursday morning at 10 o'clock, at the court house.

175,000 COMING HOME DURING DECEMBER

New York Guardsmen Not Yet Designated to Return, But Are Relieved of Duty--Camps Here to Return 649,000 Men Shortly.

By Telegraph to The Freeman

Washington, Nov. 30.—Clearing up conflicting statements as to the return of troops from abroad, General March said that the 27th and the 30th divisions had been relieved of duty with the French and British, but that they had not yet been designated to return to these shores. The first divisions to be designated for return in their entirety, General March said, are the 39th, 76th and 87th. Which of these would be the first to sail was not yet known to the war department, the general said.

It is planned to bring 175,000 men home during the month of December. All available army transports will be used, and in addition a number of old battleships and cargo vessels are being transformed so they can assist in bringing the boys home. It is expected that before long the men can be returned to America at the rate of almost 300,000 a month although for the present the number will be considerably less.

Of the overseas troops already designated for return, there are 3,451 officers and 79,363 enlisted men. The number already designated for discharge in the United States is 649,000, and of these 46,378 have been released to date. It is expected, General March said, that the men in camps in this country, will soon be discharged at the rate of 1,000 a day. The machinery is being speeded up, and the experience of the first few days of the work has resulted in its smooth operation, according to the chief of staff.

PAY TRIBUTE TO BRITAIN ON DEC. 8

With a Big Patriotic Rally in High School—Music and Speaking—Industrial Workers' Association Arranging Program.

Sunday, December 8, will be known as Great Britain Day throughout the United States, and Kingston will be one of the seven hundred and more cities in the country who will appropriately celebrate the day with a big patriotic rally to be held in the Kingston high school auditorium.

At a meeting of the Kingston Industrial Workers' Association held Friday evening at the city hall Mayor Canfield explained the purpose of the day which had been set apart to pay tribute to the work accomplished in the world war by Great Britain. He said that he had been requested to take the matter in hand in Kingston, but recognizing the part that labor had played in the world war he had decided to place all the arrangements for the celebration in the hands of the association.

After appointing Thomas P. Rice temporary chairman of the meeting and George Moore, secretary, the representatives of the association accepted Mayor Canfield's offer to have the association take charge of the celebration with a vote of thanks.

After considerable discussion of the question it was decided that it would be best to have a big rally in Kingston high school auditorium, and to secure some prominent speaker to talk on labor's part in the world war, and then to have some British officer speak of the work accomplished by Great Britain. Two speakers were thought to be enough, and would make a well balanced program.

It was also decided to have special music, and to extend invitations to prominent citizens and to fraternal organizations to attend the services and unite in paying a tribute to Great Britain.

Mayor Canfield was appointed a committee of one to secure the high school for the rally, which will be held at 2:30 o'clock Sunday afternoon, December 8. Frank Richardson was appointed chairman of the speakers' committee; William B. Martin of the music committee; and Edward Stock of the personal invitation committee. Each chairman will select the members of his committee. George Moore was appointed chairman of the publicity committee, while Mr. Rice is chairman of the general committee.

Every effort will be made to make the occasion noteworthy one, and it is expected that every resident in Kingston will make it a point to have at least one of the family represented at the rally to show in a slight way our gratitude to Great Britain for the part played in the war by her navy, which, by keeping the German fleet bottled up, undoubtedly saved our coasts from being bombarded. The fleet also escorted our soldiers safely to France, while what her army accomplished is written on the bloody battlefields of France.

The next meeting of the general committee will be held Wednesday evening at the city hall.

The Hero Tablet.

Mayor Canfield reported at the session that work on the memorial tablet was progressing.

The question of deferring the unveiling of the tablet until some time in April was discussed and it was the opinion that it would be better to unveil it then than in the dead of winter.

W. B. Martin moved that relatives whose boys enlisted outside of Kingston, but who still maintain Kingston as their residence should send in the names to Deputy City Clerk J. D. Turner at once so that the list of names to be inscribed on the hero tablet can be ready by the first of the year.

WILSON ADDRESSES CONGRESS MONDAY

President Probably Leave Washington Same Day On Way To Europe—Senators To Voice Disapproval When They Reconvene.

By Telegraph to The Freeman.

Washington, Nov. 30.—President Wilson will address congress at one o'clock Monday afternoon, it was announced at the White House today. At the same time it was indicated that the president would leave for New York on the same afternoon and would sail for Europe on the following morning. It was also said that one of the president's last official acts before leaving the country would be to announce successors to William G. McAdoo as secretary of the treasury and as director general of railways.

The president's announcement that he personally would be one of the delegates to the peace conference had served to confuse officials somewhat today. It had been generally understood that he was to attend only the opening parleys only as a representative of the United States and not as a delegate, and would remain abroad only six weeks.

It has been the general understanding here that the real peace conference would not start until about January 1. Therefore, if the president adheres to his announced intention of remaining for only six weeks, and goes as a delegate, the closing of the conference will find the United States with a representation of four, unless the president should delegate his powers to a fifth member.

It was learned that while the president is away there will be constant interchanges of cablegrams between himself and Secretary Tumulty as to developments on this side of the water and in Europe. It was also indicated that he would keep in close touch with high officials, presumably members of the cabinet. A special code has been arranged for the president's use, and his cables will be given priority over all other messages, it was stated.

The president's announcement of a peace conference delegation, headed by himself and consisting besides of Secretary of State Lansing, Colonel E. M. House, Henry White and General Tasker H. Bliss, will cause the senate to voice its disapproval when congress reconvenes on Monday, it is believed today. There had been a strong belief among members of the senate that one of their number would be included.

Furthermore, a report that when the president addresses the joint session, probably on Monday, he would do no more than to describe what kind of reconstruction legislation he desires, touching only lightly on the peace conference, served to cause Republican senators, especially, to bring up their lines for a sharp skirmish.

And while the president may approach matters of peace and refer only in passing to his trip overseas, he is certain, senators believed today, to express a strong desire that the reconstruction problems brought about by the war be taken up by congress in the immediate future. In anticipation, the Democrats and Republicans alike, stated that they were preparing for the stiffest kind of a legislative battle before the coming session ends and with it, a battle for control of congress.

Must Return Questionnaires.

It is of the utmost interest to all registrants of September 12th, over 18 years of age and under 37 years, to know that they must file their questionnaires on or before December 3. Those who fail to do so will be reported by Local Board No. 1 of this city and other boards as delinquents, and are liable to be arrested by the government and inducted into military service.

Poughkeepsie's Memorial.

Mayor Butts of Poughkeepsie announced at the public celebration on Thursday afternoon in that city that all citizens of the city would have an opportunity to contribute to a permanent memorial monument or Victory Arch to be erected in that city to those who served in the world war. He appointed a committee of prominent men to have charge of securing the necessary financial support.

SERGT. DEDERICK GETS HIS CHEVRONS

Sergeant Peter J. Dederick, son of Mr. and Mrs. A. E. Dederick, 57 Foxhall avenue, of this city, in a letter to his sister, writes:

SERGT PETER J. DEDERICK.

Dear Betty:—It appears to me that it's a long time since I have written you a letter. Over here you can't always send a letter when you wish to and we have been constantly on the move.

We had quite a stormy voyage over here as it rained about every day and the sea was very rough.

I am in the best of health and have been on my feet every day since I left the states.

We have traveled about 400 miles through the most picturesque part of France.

Over here the houses are all very old, some of them being over a thousand years old. The streets of the towns are mostly narrow and crooked. France on the whole is very beautiful and in the rural district the farms are intensely cultivated. Grapes are very expensive, costing 2 francs for 2 bunches and and other things are correspondingly high.

Except for three nights in box cars we have slept and are sleeping on the ground in puppy tents.

I received my stripes about a week ago so now I am a sergeant in charge of the fourth platoon.

Of course France is a lovely place but there is no place as good as the old U. S. A.

In France all vehicles travel on the left, even the trains. The soil is very rich and very productive. Most of the farms and gardens are separated by hedges and many of them are in fine condition.

Anything can be bought in American or French money and I think the French people prefer American coin best of all.

We are encamped at the present time in a field near a large creek, so you see we have plenty of water to keep us clean. We are only a few rods from a railroad station.

Enroute here I saw a very beautiful French palace, the largest in France. I would tell you the name of it but I think the censor would object.

Now, kiddo, write me a nice long letter. Give my love to mother and father and tell them to write.

I hope the war will soon be over and I can soon see you again.

Lovingly,
PETER.

Well, Pop, what do you think of the peace notes? I bet they sound good to you. The way it looks now I will be home by the first of May. I did not have a chance to get any picture taken at Camp Dix so am sending one now. How is Mabel and Clarence getting along? A. is doing for our boys over there. It could not be excelled. The work of the Y is most wonderful and certainly is a great factor in preserving the morale of our dear boys, which is most necessary in warfare. Dominie Chipp says the boys' fight with homesickness is wore than shot or shell, so all write our boys often and plenty of bright, cheerry news and how proud we are of them.

Mrs. C. O. Topping of Kingston was a pleasant caller in this place one day last week.

HURLEY.

Hurley, Nov. 29.—On Monday evening, in our village church, the people of the village had the rare opportunity of listening to the story of the war by one who has spent a long time in France. Needless to say that the audience enjoyed every moment. The decorations of flags which were in the church on Sunday and which had been most generously loaned for both occasions by Charles A. Warren, of Kingston, were still in place and made a fitting surrounding for the service. During the evening there was most appropriate and pleasing music by the choir of the church and members of the choir. The Rev. Mr. Durfee introduced the speaker of the evening with a clear description of the money cost of the war, while he described in a most graphic manner the appalling number of deaths of the allied armies in this terrible war. The Rev. Mr. Chipp was then introduced; Mr. Chipp is a member of the Y. M. C. A. forces in France and has seen all phases of the work there so that, in a most facile and telling manner, he kept the audience interested with his descriptions and stories of the life of the soldiers of the U. S. army, while off duty. He impressed upon us most strongly the fact of the loneliness, the being away from home that comes over the soldier in Europe and as strongly impressed upon all the need of writing nothing but cheerful letters to those "over there."

While not neglecting the smaller nations, the speaker paid most glowing tributes to the larger participants in the war; Italy, France and Great Britain, bringing out most effectively the salient points in the characteristics of each nation. His decided and most pronounced denunciation of pacifists and pro-Germans were such as to please the most ardent patriot.

Needless to say the universal opinion of all present was, as we wended our way home, a most delightful evening with the highest measure of praise for the beautiful music and the vivid description of life under the Y. M. C. A. auspices in France.

Mr. and Mrs. Kneen are visitors at the home of E. R. Vredenburgh.

The Hurley contribution to the War Chest Drive was as follows: District No. 1, West Hurley, $474.10; District No. 2, Hurley village, $554; total pledged, $1,028.10. As the quota assigned to the town was $1,500, it may be seen that we failed considerably in coming up to the top.

Two men working on the barn being put up for A. B. Myer on the property lately purchased by him, were injured in a fall on Wednesday afternoon. Mr. Buckley in charge and his man were putting up rafters; all were in place excepting the last pair, when a heavy gust of wind coming up blew down those that were in place, so that they fell on the staging on which the men were standing, precipitating all to the grou the man fell striking his left side a stone, receiving a severe frac about the hip. Mr. Buckley in fall struck the man below; Mr. B ley suffered contusions and may been hurt severely as he stunned and confused. Dr. Lou was called in and directed both to be sent to the Kingston City pital, which was done by the ness of Frank Snyder in his aut bile which was easily transfo into a comfortable ambulance for purpose.

PROPAGANDA INVESTIGATION.

We have not heard the last of Germany's spy system and persistent propaganda. The fact that the war is over tends to reopen rather than to close the subject, the danger of revealing important military or civil secrets being thus removed. According to the dispatches, the inquiry into the ownership of the Washington Times is to be so extended in scope that it will involve turning the searchlight on every phase of German propaganda before and during the war. The Attorney-General is said to be ready to turn over to Senator Overman "bales" of evidence of the workings of the Berlin system in the United States, much of it being information that hitherto could not safely be made public. That names will be mentioned that were formerly withheld, and that trouble awaits those who bear them, goes without saying.

The object is to lay bare "every trick and dodge and turn" employed by the former Kaiser's agents to poison American public opinion, so that "the seed of foreign propaganda of any sort can not again be sown successfully" in this country. Obviously the need of such a clean-up is great. Resident foreigners and men who have become naturalized with purely selfish or dishonest purpose in view need to be taught with the assistance of the correcting rod that this is a nation like any other, and not a mere collection of money-making foreign nationals who may feel free upon occasion to attempt to make the United States a mere tail to some imperial European kite. Recent history has taught the foreign elements in this ...y valuable lessons but they ... be enlightened still further.

With millions dead, other millions crippled, maimed and suffering from wounds in their midst, the Germans can hardly have much eager appetite for carnage left. Unless they are mad indeed they hardly seem likely to kill each other to any great extent after the prodigious bloodletting which they have suffered at the hands of the nations they attacked, particularly in view of the enormous burden of taxes which they know that the peace terms will place upon them all.

LITTLE LAUGHS.

I only sing for my friends." "And are they still your friends when you get through?"—Boston Transcript.

"How did your crowd make out with the 'Comedy of Errors'?" "They added a whole lot of errors that Shakespeare overlooked."—Louisville Courier-Journal.

"Have you anything deleterious in your diet, Mrs. Comeup?" "I'd have you know sir, we have everything going."—Baltimore American.

"That's the first fight that ever made me run," said Broncho Bob. "I didn't know running was in your line." "It isn't. But this time if I hadn't run fast enough to catch up with Piute Pete, there wouldn't have been any fight."—Washington Star.

"Why is it, Sam, that one never hears of a darkey committing suicide?" inquired the Northerner. "Well, you see, it's disaway, boss: When a white pusson has any trouble he sets down an' gits to studyn' 'bout it an', a-worryin'. Then firs' thing you know he's done killed hisse'f. But when a nigger sets down to think 'bout his troubles, why, he jes' nacherly goes to sleep!"—Life.

Out of Babes' Mouths.

Senator Calder said in an address at the Spartanburg camp.

"The kaiser is guilty in this war. The very babes condemn him. Yes, the kaiser is as universally condemned as Rake.

"Rake and his wife were dining at the minister's. The minister's little girl said to him in a lull in the general conversation:

"'How long does a man live, Mr. Rake?'

"'Three score years and 10 is man's allotted span, my dear,' said Rake smoothly.

"'Then you'll live to 140 won't you?' said the little girl.

"'Ha, ha, ha!' laughed Rake 'And why should you think that, my love?'

"'Because,' answered the little girl, 'papa says you are leading a double life.'"—Exchange.

Turning the Mangle.

The charitably inclined lady was paying a visit to Mrs. Atkins, whose husband was away fighting at the front. The visitor found the soldier's wife in a paroxysm of grief.

"Whatever is the matter?" exclaimed the visitor.

"Ain't yer heard " was the sobbing reply. "Bill's in 'orspital with both 'is arms off."

The lady was obviously shocked. With a view to easing the grief, however, she said·

"But the Government will be sure to provide for you."

"That ain't it," was the tearful response. "Who's a-goin' to turn the mangle for me on washin' days now, I'd like ter know?"—Exchange.

On the Wrong Track.

Little Henry wore his father's clothes, which his mother cut down for him as best she could. As the little boy was getting into a vest that had been cut down from an overcoat he began to grumble.

"What's the matter now?" asked father.

"Why," said Willie, "this here pocket ain't got no bottom to it."

"Pocket, nothing," ejaculated his father. "That's a buttonhole."—Exchange.

Couldn't Get Left.

Hurrying to the side of the conductor, a passenger eagerly inquired: "Do you think that I will have time to get a drink before the train starts?"

"Oh, yes," answered the conductor.

"But suppose," answered the thirsty passenger, "that the train should go on without me?"

"We can easily fix that," promptly replied the conductor, "I will go along and have one with you."—Exchange.

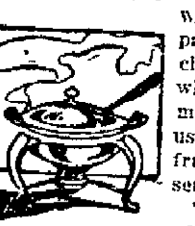
THE KITCHEN CABINET

Let us ever glory in something and strive to retain our admiration for all that would ennoble and our interest in all that would enrich and beautify our life.

SEASONABLE GOOD THINGS.



For a hot day try one of these new and refreshing punches, made from whey. After preparing cottage cheese the whey, which is rich in mineral salts, is used with various fruit juices and served as punch.

Take a quart of whey, six teaspoonfuls of sugar, the juice of two lemons, a few slices of diced pineapple, and a tablespoonful or two of maraschino cherries. Mix and chill, serving very cold.

Spiced Cheese Pudding.—Cut two slices of bread into cubes and place in a greased baking dish. Beat the yolks of two eggs until thick and whites until stiff. Blend the yolk with a cupful of milk, one-half cupful of sugar, one-half teaspoonful of salt and a cupful of cottage cheese to which a fourth of a teaspoonful of soda has been added. Add three-fourths of a cupful of raisins, one-half teaspoonful each of allspice and cinnamon and one-fourth teaspoonful each of mace and cloves; then fold the whites, pour the mixture over the cubes of bread and bake like a custard in a moderate oven. A meringue may be put on top if desired.

Lemon Tapioca Jelly.—Soak a cupful of tapioca in four cupfuls of cold water overnight. Cook with the addition of one-fourth of a teaspoonful of salt in a double boiler until clear. Add one cupful of sugar, the juice of half a lemon and one and a half lemons cut in the thinnest possible slices (mere shavings). Pour into a cold, wet mold and chill. Serve unmolded with a custard or cream.

Mock Terrapin.—Take a pound and a half of veal cut in small pieces after cooking until tender. Add a small bunch of diced celery, two hard-cooked eggs also diced, salt and pepper and a little grated onion. Prepare a white sauce using a pint of milk and four tablespoonfuls each of flour and butter cooked together until all is well blended before adding the milk. Season well with salt and paprika and pour hot over the prepared meat. Serve with toasted bread.

SCHOOLS TO MAKE UP LOST TIME

Report Adopted by Board of Education Makes Only Christmas and New Years Holiday—Other Business Disposed Of.

The regular monthly meeting of the board of education was held at the office of the board in the high school on Friday evening. The roll call showed Trustees Gill, Schaeffer, Kearney, Van Wagonen, President Flemming and Secretary Michael present. Later Trustee Crane attended the meeting. The absentees were Trustee Atkins, Hale and Washburn.

The secretary read the minutes of the last regular meeting and three special meetings, all of which had to do with taking action upon appeals for the use of the high school auditorium. The same were approved and accepted.

Giles G. De Lamater, representing Kingston Ship-Building Association was present, and on motion of trustee Van Wagonen, was permitted to present the matter he had in hand before further business was transacted. Mr. De Lamater in behalf of the ship building association, applied for the use of the high school auditorium next Wednesday evening for the giving of a free, illustrated (moving picture) lecture on safety appliances and devices, to be given in the interest of safeguarding workers in industrial plants and the public at large. On motion of Trustee Gill the application was granted upon the usual terms with the added provision that those giving the lecture secure the proper consent from the insurance underwriters and satisfy their claim for necessary premium.

The next matter taken up was the reports of officers and committees, and Secretary Michael presented the following report, which means that, because of the recent epidemic and the long closing of the schools the customary Christmas holiday vacation will, this year, consist of the observation only of Christmas Day and New Year's Day. In chatting with The Freeman reporter, Superintendent Michael stated that when the matter was put before the high school students, it was met with a cheerful and willing acquiescence that was particularly gratifying and spoke volumes for the character of the boys and girls of the school. The report which was unanimously adopted, follows:

To the Honorable, the Board of Education.

Gentlemen.—I respectfully report that at a meeting of the principals and superintendent on Wednesday, November 13, the discussion was on the subject as to how we might best make up the lost time due to the closing of schools for a period of five weeks on account of the epidemic of influenza, viz: from October 7 to November 11. It was the unanimous opinion of the principals and superintendent that inasmuch as there would be only 29 actual school days before the designated Christmas vacation beginning at the close of school on December 20 and ending January 5, that the pupils and teachers would not feel the need of a period of rest. It was therefore voted to recommend to the board of education that the schools be closed on Thanksgiving Day, on Christmas, New Year's and Lincoln's birthday, and be kept open on other days. We further recommend that the schools be kept in session until the designated Easter vacation beginning April 11 and ending with Easter Sunday. This plan will give 106 days of actual school work before the Easter vacation. We feel that the Easter vacation should be given to the teachers and pupils as planned. After a week's rest, they will be in better condition to complete the year's work than they would be if the vacation were omitted. With the schools opening on Monday morning, April 21, and closing for the summer vacation at the usual time after the Regents' examinations, viz. Tuesday, June 24, they will be in session 45 days. The schools were in session before the epidemic 25 days, making for the current school year a total of 176 actual school days.

In determining the public moneys contributed by the state, we are allowed to count legal holidays occurring during the session of school as actual school days. The schools will have been closed on 5 legal holidays, making a total of 181 days. This gives us just one more day than the law requires the schools to be in session.

I brought this matter informally to your attention at a special meeting of the board in the surrogate's office on November 16 and the recommendations herein contained seemed to meet the unanimous approval of those present. I am bringing it before this regular meeting of your body for more formal action.

Trustee Van Wagonen chairman of the finance committee reported vouchers for bills amounting to $4,648.76, and recommended warrants issued for the same amount which was unanimously carried. Trustee Van Wagonen also reported the pay roll vouchers, amounting to $11,614.51 and recommended that warrants be issued to Superintendent Michael for the payment of the same which was carried unanimously. Another report of this committee was the continuance of the services rendered by Ed C. Winter, in taking charge of the school pianos for $40 a year, as formerly and it was unanimously voted to continue the same service at the same price. Still another item presented by Trustee Van Wagonen was a bill from Horace F. Clearwater for 5½ cords of wood at $10 a cord, which Trustee Van Wagonen declined to audit on the ground that the bill was exorbitant as it was possible for the board to secure just as good wood for $6 a cord. After careful discussion, on motion of Trustee Kearney it was voted to instruct the secretary to return the bill to Mr. Clearwater for adjustment.

Trustee Kearney, chairman of the building committee, reported the work of Campbell and Dempsey Company on School No. 5, to be satisfactory as completed and moved the payment of that obligation, the same being included in the audits. Carried unanimously. Trustee Kearney further reported the need of one storm door at school No. 5, and on motion of Trustee Gill, the matter was referred to building committee with power. The subject of four additional clocks for four rooms at School No. 5 practically all of the clocks having been destroyed or damaged by the fire was settled on motion of Trustee Schaeffer that the superintendent be authorized to purchase the needed time pieces.

Under "New business," the question as to the best disposition to be made of the worn out text books accumulated for the past two years, came up, and it was voted to leave the matter in the hands of the superintendent with power to dispose of the same to the best advantage to some local junk dealer, there being a considerable number of the books to be so disposed of.

President Flemming brought up the matter of the frequent requests for the use of the High School Auditorium, and the inconvenience of calling special meetings of the board every time that such a request was made. He gave it as his judgment that for the most part there would be no difference of opinion as to the answers to be given to applicants, but should there be any possibility of such a difference arising then a special meeting might be called. He thought that the matter might be referred to a special committee. On motion of Trustee Crane, the matter of answering applications for the use of the High School Auditorium was referred to the president and secretary with power, Trustees Crane, Gill, Schaeffer and Kearney voting in favor of the motion, and Trustee Van Wagonen voting against it. The same visiting committee, Trustee Gill chairman was continued for the ensuing month, the committee having had little opportunity to fulfil its functions the last month because of the schools being closed.

The meeting then adjourned.

PORT EWEN.

Port Ewen, Nov. 30.—Henry E. McKenzie, who has been ill of a severe grip cold, is improving. Dr. G. W. Ross is attending him.

Mr. and Mrs. John Short and Miss Anna Short, of Cottekill, spent Thursday with Mr. and Mrs. A. H. Short on Main street.

Mr. and Mrs. Clarence Craig and daughter, Bernice Moe, of Salem street, are visiting relatives in Poughkeepsie for a few days.

Keep in mind the annual Christmas fair of the Ladies' Aid Society of the Methodist Church, December 3d and 4th. Tuesday evening a chicken supper will be served. Price of adults 50 cents; children under 10 years, 35 cents. Wednesday evening a variety supper will be served. Price of adults, 35 cents, children under 10 years, 25 cents.

The union Thanksgiving service, held in the Reformed Church Wednesday evening, was largely attended by the residents of this village. The speakers of the evening did ample justice to the themes assigned to them. The solo rendered by Mrs. Leonard Appledoorn was exceptionally fine.

Miss Jeanette Doyle and friend, Mr. Fowler, of Kingston, were guests of Miss Doyle's parents, Mr. and Mrs. Legrand Doyle, on Riverside avenue Thursday.

Mr. and Mrs. Paul Zillor, of Theresa, are guests of Mr. and Mrs. William Stephenson on Broadway.

Cyrenius Elsworth is improving the looks of his property on Broadway by having a stone side walk, laid under the direction of Henry Knetch.

Mrs. Lillian Elsworth, of Kingston, spent Thursday with her mother, Mrs. Mary Hinchman, on Broadway.

Mr. and Mrs. John Relyea, of Springtown, spent Thursday with Mr. and Mrs. Jonathan Van Aken on Green street.

Mrs. Andrew M. Taylor, who has been the guests of Mr. and Mrs. Myron Shultis in Modena, has returned to her home on Green street.

The class in elementary hygiene will meet at the home of Mrs. John Lynn on Hamilton street Saturday evening at 7:30 o'clock.

Mrs. Martha Neal, the chairlady of the dining room of the Methodist fair to be held on December 3d and 4th, wishes her dining room assistants to meet at the chapel Tuesday morning at 9 o'clock.

Mrs. William E. Houghtaling, of Broadway, has knit six pairs of socks for the Red Cross. Mrs. Houghtaling is totally blind and the work she does is most beautiful. She never drops a stitch and her work is exceptionally smooth and far better than work done by people who have their eye sight. Surely to know what excellent work Mrs. Hotaling does, it would pay you to see for yourself.

It is quite necessary that the people of this village have some kind of protection while driving. Friday evening as the mail messenger was coming in with the mail on Salem street near the corner a large seven passenger car came around the corner at a rapid rate not even sounding his horn, and if both had not acted quickly, a serious accident would have been the result. Unless precaution is taken along these lines there will be many accidents as 'sounding saxon" is out of date, and, does any one know a remedy for this unlawful lawlessness?

Mr. and Mrs. Thomas Dunn and daughters, Bessie and Alice, of Kingston, spent Thanksgiving with Mr. and Mrs. J. F. Dorr on Stout avenue.

Mr. and Mrs. D. W. Sinsabaugh, Mr. and Mrs. Benjamin Rhymer, Mr. and Mrs. George Sinsabaugh, Mrs. Sarah Sutton and Howard Sinsabaugh, of Kingston, were guests of Mr. and Mrs. William Shook, on Broadway, Thanksgiving Day.

Mr. and Mrs. C. D. Jump of Hensonville, are guests of Mr. and Mrs. Harry Jump on Broadway.

Little Miss Elizabeth Reis, of 19 Ridge street, Kingston, spent Thanksgiving Day with her friend, little Miss Lillian Dorr, on Stout avenue.

AQUEDUCT GUARDS WERE ENTERTAINED

Under the auspices of the Citizen's Aqueduct Board Committee an entertainment was given at Camp Peak, near Stone Ridge—Captain Henman in command—last Saturday afternoon. This was one of a series of similar entertainments which have been given at the several camps in Ulster county during the past four months. The actresses who have taken part have all been sent by Mrs. Duryea (Viola Allen, the noted actress), who is chairman of the entertainment committee. Mrs. Francis H. Leggett of Stone Ridge is chairman of the transportation committee, and in the task of sending the entertainers to the camps and the soldiers from one camp to another, she has been ably assisted by Frank Coykendall, also a member of the committee.

The artists who took part at this last entertainment, were Miss Raymond, violinist; Miss Rudd, accompanist; Miss Kane, vocalist; the Misses Weston, character actresses; Mr. Dammond, noted improvisor of piano music and also transcriber of records for the Victor machine.

With these artists who are known as "Mother Davison's Unit," was Mrs. Davison, sister of Daniel and the late Charles Frohman, who is one of the heads of the War Council entertainment committee of the Y. M. C. A., a woman of charming personality, who has sons of her own in the war, and who knows how to win the hearts of "our boys."

Last Dance This Evening.

A last big dance of the season will be enjoyed this evening by the parishioners of the Immaculate Conception parish and their friends at the school hall, Delaware avenue. Prof. Schwalbach with his orchestra will play for dancing. Come early and enjoy well full evening. Refreshments a la Rondout.

Gross Heads Football Team.

A mistaken impression seems to prevail that milk from the farm of Granville Van Buren is being sold in this city. The board of health has prohibited its sale, even if it was pasteurized and the order of the board is being obeyed. Mr. Van Buren is said to be negotiating the sale of his fine herd of cows in Delaware county and in the mean time the milk is being fed to the stock on the farm.

THANKSGIVING AT TEMPLE EMANUEL

Following is the text of the Thanksgiving Day sermon preached to a large congregation by Rabbi Bray at Temple Emanuel:

Scriptural Reading Deut. XXVI.

In the passage of the Bible just read to you, we are told that the Israelites were to consecrate to nature's God the first ripe fruit as a token of their gratitude for a prosperous harvest and as an appreciation for the blessings of liberty which they enjoyed after a long period of intolerance and oppression in the land of Egypt. They were to rejoice over the fact that they were liberated from Egyptian tyranny and that God has brought them into the Promised Land, a land flowing with milk and honey. They associated the blessings of the harvest with the blessings of freedom, for the blessings of harvest without the blessings of freedom, the soul of the Israelitish nation considered incomplete.

What if nature is bountiful if human nature is cruel and merciless? Smiling valleys, undulating mountains, fields waving with golden grain, rising terraces with clusters of grapes, and all the joys and beauties of nature what are these if mankind groans under the oppressive rod of despotism. The smile of nature is counteracted by the frowns of human nature. The bounties of harvest are blasted by heartless oppression and by merciless lordship over the souls of men.

Material prosperity and liberation from Egyptian despotism, the classical Jew of Bible time, therefore associated in his mind when he thanked God for the blessings of freedom and for his possession of the Promised Land, a land flowing with milk and honey.

The Pilgrim fathers to whom we owe the origin of our national Thanksgiving Day, drew their inspiration from the ancient customs of the classical Israelites, and fleeing from the Old World of intolerance, bigotry, and fanaticism of tyranny and oppression into a howling wilderness of a New World, to find that freedom which was denied to them in their native homeland, dedicated this day to rejoicings and thanksgiving to the Creator of the universe for having saved them from starvation and for the freedom that was granted to them to worship God in accordance with the dictates of their conscience.

How venerable, how awe inspiring, how sublime, how soul elevating is this century laden custom of this great nation!

Freedom was its chief cornerstone and it foreshadowed the idea embodied in the Declaration of Independence, "We hold this truth to be self-evident that all men are created equal, that all men have the inalienable right to life, liberty and the pursuit of happiness."

For the sake of such a freedom, our Pilgrim fathers embarked upon a treacherous ocean, and braved the hardships and trials of an unknown wilderness.

These ideals are so deeply rooted in our hearts and are so commonplace to us that we are apt to forget that there was a time when their proclamation meant martyrdom to our forefathers.

The history of the world shows that mankind paid dearly for every step it advanced on the ladder of progress and civilization, and we today are the heirs of the accumulated civilization for which our fathers fought, bled and died.

How many martyrdoms to freedom of conscience does the history of the world enumerate?

To appreciate profoundly the blessings of liberty we enjoy today it is necessary to know that there were epochs in the history of the world when intolerance was considered a virtue and persecution a creed and no people in the world suffered more from intolerance than did the people of Israel.

Every nation in the Old World, in ancient, mediaeval and even in modern time has been intolerant to the people which gave to the world the decalogue which is the basic principle of the laws of all civilized nations.

Providence, however, has decreed that a New World should be discovered which should be the haven of refuge for all the persecuted and downtrodden.

Providence has destined our nation to be the liberator and emancipator of all mankind.

We are living in an epoch in the history of the world when Americanism has penetrated every nook and corner on the face of the globe.

Century old dynasties have crumbled before our very eyes. Autocracy and aristocracy have been crushingly defeated and out of the shattered fragments of chaotic nations will arise nations modelled after our American nation, with justice to all, with equity to all, with freedom to all, and with malice toward none.

Our nation has entered the war unselfishly and unselfishly will it defend the right of all people, great as well as small.

The victory it has won, it will utilize not for a vindictive peace, for a vindictive peace generates the germs of hatred, revenge and cruel warfare.

The victory it has achieved over autocracy it will utilize to save untold generations from cruel bloodshed.

We have suffered, we have bled, we have died that future generations may rise up and call us the blessed of the Lord.

What is the League of Nations which our beloved chief executive projected, and for the realization of which he is willing to break all precedence, and set aside all tradition in order to advocate it personally before all the nations of the world?

What is that League of Nations but the demonstration of the American spirit which believes as the prophets of old believed, that swords shall be beaten into plowshares and spears into pruning hooks and that every one shall sit under his own vine and fig tree with none to make him afraid.

No mission has ever been sought with such profound significance to all mankind as is the mission which our chief executive is to carry personally to the sorrow-stricken nation of the Old World.

It will be an epoch making event in the history of the world when the exponent of Americanism, when the representative of the New World will meet the representatives of the Old World when the daughter nation of the mother nation of the old World will teach the quarrelsome mothers the A B C of the lesson, "How beautiful it is for brethren to dwell together in unity."

How this thought should thrill our souls today and how it should arouse within us the honorable pride "Civis Americanus sum." I am an American citizen and I glory in the fact that Providence has allotted the share to my nation to be the torch bearer of progress and civilization, of humanity, mercy and compassion.

Yes, our nation is even ready to heed the Scriptural admonition, "If thy enemy be hungry give him food to eat."

Out of our abundance, out of the blessings of our harvests, we shall save millions from famine and starvation.

We, the American people, therefore, have abundant reason to give thanks today to the Lord of the universe.

We thank Him that we are able to share the blessings of our harvest with a famine-stricken world.

We thank Him for having destined our nation to be an asylum for the downtrodden and the oppressed.

We thank Him for the liberty of conscience that prevails in our midst.

We thank Him that we are able to serve unselfishly all mankind.

We thank Him that autocracy has been exterminated and that the light of liberty illumines the whole world.

We thank Him for having destined our nation to be the repairer of the breach and the restorer of peace to the nations of the world.

The Lord is our law giver, the Lord is our judge, the Lord is our king and to Him we pray that a government for the people of the people and by the people shall never perish from the face of the earth.

Amen!

In the morning at 10:30 the Sunday school will hold its regular annual rally day exercises with appropriate speaking and singing. F. L. Metcalf, the wide-awake superintendent, will preside and an interesting program has been arranged. In the evening at 7:30, also in the auditorium, the Epworth League will continue the rally day spirit of the morning with President E. A. Marsh, of the local chapter, presiding. An interesting part of the program will be an address by Arthur W. Freer, late of Camp Lee, Va., the first of the Highland boys to be mustered out of the national army. Several five minute speeches will be made by prominent local members, and in addition an interesting song service will be in charge of H. E. Wilcox. A "Call to Arms" will be sounded at these meetings for Highland Methodists to awaken for the problems incident to these eventful days. Let there be a large attendance.

Origin of Lace Making.

The origin of lace making is so far lost in the dark ages that it is impossible to know in which country the process began. It is certain, however, that the Italians were making most elaborate and beautiful laces soon after America was discovered.

With Franklin Production Resumed, Efficient Motoring Gains New Headway

Prices Readjusted to Peace Basis

GOVERNMENT work on the Hispano-Suiza airplane engines has been discontinued by the Franklin Automobile Company. Contracts on the Rolls-Royce airplane engines are being completed.

Production on Franklin cars has already been resumed and prices have been readjusted to a peace-time basis.

This will be good news to the many motorists who have been deeply impressed by the war-time performance of the Franklin Car—a steady day-by-day delivery of

20 Miles to the gallon of gasoline---instead of the usual 10
10,000 Miles to the set of tires---instead of the usual 5,000

This splendid economy has *always* been a distinguishing feature of the Franklin Car.

It is due to the Franklin idea that *fineness* should have a practical meaning—should include, besides economy, every quality that makes for the utmost motoring satisfaction.

The result is immediately apparent in the every-day experience of Franklin owners.

Franklin Light Weight and Flexible Construction is giving them, not only economy, **but also unconditional** riding-comfort and entire ease and safety of handling impossible cars of the heavy, rigid type.

Furthermore, now that the season of winter-time motoring troubles is at hand Franklin owners enjoy **absolute** freedom from fear of frozen radiators, cracked water-jackets and leaking pipes. They know that the **Franklin Direct** Air Cooling system contains no water to freeze—no complicated trouble-making parts.

And with Franklin production rapidly resuming its normal volume, this is the quality of motoring service open to the man who is determined to find the automobile that will deliver to him efficient transportation ***at least** possible expense.*

Franklin Up-to-the-Minute Features

As you find the Franklin Car today its constant effort toward maximum owner-satisfaction **is evidenced by up**-to-the-minute features that insure the greatest usability from your motor car. **Points in mechanical refinement that** solve cold weather starting; that get high-grade results even from low-grade gasoline; that bring tire mileage **to a still** higher level; that minimize care and adjustments, **and obtain smoothest and most effective power-application.**
